### FOUNDATION AND HISTORY

Streaming Praise Radio.com was birth out of Second Chance Productions, founded in 1996. In 2000, Clairmont Humphrey was given by Divine Inspiration, the mandate to start an online Gospel Internet Radio Station; He is also the founder of Second Chance Productions. Streaming Praise Radio.com is the second arm of Second Chance Productions.

With out any knowledge of computers or the Internet he followed the leading of the Holy Spirit; As God directed one particular young lady by the name of Natalie Carpenter into his life, who built the first website, research for a web hosting and 2ndchancepro.com was born. Since then there has been two name change; Second Chance Productions to GM Radio 2CP. Streaming Praise Radio.com went live to air in August 20th 2004. Prior to us going live on line, all shows were 2½ Hours pre-recorded on repeat and our first hosts were Brotha Benji and Clairmont Humphrey. Today we are proud to say, we stream the Gospel and His Praise.

In 2006, the name changed to Streaming Praise Radio, suggested by one of our former hosts and then, our web designer Warren Hamilton. He said "we have to let the people know what we are doing; we are Streaming His Praise&hellip; Hence, STREAMING PRAISE RADIO.COM&rdquo;.

With various genres of Gospel music being represented, Streaming Praise Radio.com seeks to bring glory to God by cultivating respect for the diverse beliefs, doctrines and practices in the Christian community while promoting Christian music, literature, events and other mediums for the encouragement and increasing of faith in Jesus Christ.

Thank God, for those who have made it possible for us to bring the Word of God to the listening public via the Internet. While we are unable to bring the World to the Gospel, we are able take the Gospel to the World through this medium.

Vision: Communicating The Gospel through Music and The Spoken Word via the Internet
